MICHIGAN TRANSPORTATION FUND

This fund, established by Public Act 51 of 1951, Section 10, as amended, is administered jointly by the Department of Transportation and the Department of State. In addition, some of the fund revenue is collected by the Department of Treasury. The fund is a receiving fund for the several tax revenues dedicated to highway purposes. Transfers are made to the General Fund to pay the cost of collection of the dedicated revenues and to the State Trunkline Fund, Comprehensive Transportation Fund, the Economic Development Sub-Fund, and the Recreation Improvement Sub-Fund in accordance with the statutory formula. Expenditures consist of grants to counties, cities, and villages for highway purposes in accordance with statutory formula.

STATE TRUNKLINE FUND

This fund provides for construction and maintenance of highways. Its overall budget is subject to annual legislative review and appropriation, but the Transportation Commission has significant discretion in determining the funding of individual projects. Major financing sources are transfers from the Michigan Transportation Fund, federal aid, and local participation. Expenditures and transfers are for administration, highway maintenance and construction, debt service, and various contractual obligations. In accordance with the annual appropriation act, unencumbered balances at fiscal year end are transferred to the road and bridge construction account.

In fiscal year 1988, the Economic Development Fund (EDF), a sub-fund, was created within the State Trunkline Fund. The statements for the State Trunkline Fund include the financial activity for EDF. A separate schedule summarizing EDF activity is included in the Statistical Section of this report.

BLUE WATER BRIDGE FUND

The fund was administratively established to account for the Blue Water Bridge project. Through provisions of Section 1012 in the federal ISTEA Act of 1991, the State Trunkline Fund received federal funds to be loaned to the Blue Water Bridge Fund for construction of the Blue Water Bridge project. Repayment of the \$45 million loan began in 1998. Repayments of the loan are expected to occur each fiscal year. The term of the loan will not exceed 30 years from the time the loan was obligated.

COMPREHENSIVE TRANSPORTATION FUND

The Comprehensive Transportation Fund was created for the purpose of planning, developing and funding public transportation systems within the State. It was created by Public Acts 326, 327, and 328 of 1972, and Public Act 197 of 1973. In 1975, Public Acts 195, 196, and 239 were enacted, providing further additions and amendments to the laws governing this fund. Fund revenues consist primarily of federal and local revenues, a portion of vehicle-related sales tax, and transfers from the Michigan Transportation Fund. In accordance with statutory provisions, any unencumbered balance at fiscal year end lapses and reverts to the fund for appropriation in the following fiscal year.

STATE AERONAUTICS FUND

This fund, established by Public Act 327 of 1945, administers development and capital improvement projects for local airports. Its budget is subject to annual legislative review and appropriation. Financing consists mostly of federal and local contributions and aviation fuel taxes. Expenditures and transfers are for administration and local airport improvement project costs. At fiscal year end, in accordance with the annual appropriation act, any unencumbered balance lapses and reverts to the fund for appropriation in the following fiscal year.

COMBINED STATE TRUNKLINE FUND BOND PROCEEDS FUND

A separate fund is established to account for the proceeds of each bond issue. Revenue and expenditure data by individual proceeds fund is available in the Statistical Section, Schedule of Revenues and Expenditures by Fund.

The Combined State Trunkline Fund Bond Proceeds Fund consists of the following funds:

1989 STATE TRUNKLINE FUND BOND PROCEEDS FUND

This fund was established pursuant to Section 18(b) of Public Act 51 of 1951, as amended, to account for the proceeds of up to \$136 million of state trunkline bonds. The bonds are not general obligations of the State of Michigan but are payable solely out of funds restricted as to use for state trunkline purposes by Section 9 of Article IX of the Michigan Constitution and irrevocably pledged by law for deposit in the State Trunkline Fund.

The State Transportation Commission approved issuance of \$136 million of Series A bonds in 1989. Approximately \$100 million of the proceeds are to be used for Transportation Economic Development Fund projects, and approximately \$30 million of the proceeds are to be used for the purchase of right-of-ways.
